

This is not your mother's school!

School today is not the same as when we were students. Teachers worked hard to educate their pupils. A dedicated cadre of teachers still hold to that objective; however, there are a number intently focused "progressive" teachers that believe their role is to indoctrinate their pupils rather than teach core subjects and American Values.

Most schools today do not start the day with the Pledge of Allegiance. If you were to take a walk through your child's school, you will find few American Flags as some students, and sadly, some teachers may be "offended by its presence".

Do not be surprised if you see a number of Gay Pride and La Raza flags. Some school districts even proudly fly the LGBTQ+ flag from the flagpole in front of their schools and district offices.

"Gender Closets", a room on campus where clothes are kept and students "questioning" their gender may change into clothes that more accurately portray their "felt" gender that day. These closets may be found on high school campuses and some middle school campuses.

Books with pornographic content are labeled as "educational" and are accessible to young children in many elementary school libraries.

Parents are increasingly becoming alarmed and angry at what their children are taught... or not taught...in our public schools.

Comprehensive Sexuality Education (CSE)

The California Healthy Youth Act, passed in 2015, requires students in grades 7-12 to attend *sexuality* curriculum that recognizes people have different sexual orientations. The curriculum must include same-sex relationships and teach about gender, gender expression, and gender identity.

Comprehensive Sexuality Education strips away the innocence of children, introducing them to masturbation, homosexual feelings, fisting, and vaginal, oral and anal sex.

Lessons include detailed, graphic images and depictions of sexual activity for 8-year-olds. It teaches young children about giving consent for all types of sexual activities, including with adults.

Our kids need "sex education" not "sexuality education". Our children should learn biology, understand the human reproductive cycle, and personal health.

First grade children are asked questions such as "Are you a boy, a girl, or neither?" This is inappropriate. Children should focus on reading, writing, and arithmetic, having fun, social interactions, and treating each other with respect.

Non-family friendly CSE curriculum, such as: "Be Real, Be Ready", "Rights, Respect, Responsibility", "Teen Talk", and "Positive Prevention Plus" is taught in local schools.

Diversity, Equity, and Inclusion (DEI)

Beginning with the 1964 Civil Rights Act, over 600,000 laws were passed at all levels of government to protect the freedom and equality of all races. By the end of the 20th Century, Martin Luther King's vision of a colorblind America was being realized, at least legally.

Utilizing the tenants of Diversity, Equity, and Inclusion, our children are being taught that our American laws, way of life, institutions, and values are fundamentally racist and should be destroyed.

This teaching threatens our American dream and instructs our children to judge people by the color of their skin, *not* the content of their character.

CRT, which has morphed to DEI, is based on Marxism, which spawned socialism and communism – in direct opposition to our founding principles.

"Equity" is used to replace the American core value of "equality". Equity is a belief in a socialistic **equal outcome**. We believe in the American value of **equal opportunity** for all.

Ethnic Studies, Diversity, Equity, Inclusion (DEI), Social Emotional Learning (SEL) are terms used to hide CRT from parents and teach its principles to our children.

OPT-OUT your child from DEI & CSE with the QR code below!

School Test Scores are abysmal!

In California only **47.04%*** of students “met or exceeded” the standard in English/Language Arts.

And only **35.54%*** of students “met or exceeded” the standard in Math.

This is astounding! This is California... the world-wide technology leader!

A shift must be made to teaching the 3r’s... STEM subject teaching.

It’s time to provide a usable education with a focus on subjects and skills that will help our children be productive members of society.

We strongly recommend home schooling your child. If you are unable to homeschool, we recommend a private school with a classic education curricula. If those two alternatives are not feasible for your family, then OPT OUT your child.

Opt your child out!

California State Law allows you to opt your student out of certain curricula if you properly notify the school district.

Informed Parents of California has a properly worded Notice that you may complete online and submit to the district. This notice will OPT-OUT your child from Comprehensive Sexuality Education teaching except in 7th grade and one semester of high school, “surveys”, and “counseling” by organizations such as Planned Parenthood.

Go to our website and complete the OPT-OUT Notice online at www.IP-CA.org/opt-out or use the QR code to the right. We will deliver the form to the appropriate school and district by email.

Parents, if you have questions, please send an e-mail to opt-out@ip-ca.org or call our Parents OPT-OUT hotline at **669-307-1953**.

At Informed Parents of California, we run a tight ship. We utilize only volunteers and part-time personnel. If you wish to support the work of Informed Parents of California, please make an investment in California’s children online, by mail, or utilize the adjacent QR code.

Your children are at Risk!

Our schools have fallen prey to an ideological agenda pushed by politically motivated legislators, administrators and some educators seeking to indoctrinate our children with their own views at the expense of our family values and beliefs!

We advocate for:

- Parents Rights and Parental Control
- Transparency between school and parents
- Improved Student Performance Test Scores

We offer:

- Our proprietary OPT OUT Notice Program
- Help in formation and support for School District Parents Organizations
- *CommonSense* Voter Guide before each election

We believe that parents have the ultimate say in the raising of their children

We fight for you.

School board members make the decisions about what is taught in our schools. If you don’t agree with their direction, you need to make a change!

“Freedom is never more than one generation away from extinction. We don’t pass it to our children in the bloodstream. It must be fought for, protected, and handed on for them to do the same...” - Ronald Reagan
