

Your children are at risk!

Our schools have fallen prey to a dangerous agenda pushed by educators seeking to indoctrinate our children at the expense of your family's values and beliefs!

Today, we are experiencing

Failing test scores on state proficiency tests

Our schools are teaching

Equal Outcome instead of Equal Opportunity

Gender confusion and gender transitioning

You can't sit back!

It's time you became involved!
It's time for Parents to take back their Rights!
