Greetings friend!

News from the Battle Front!

Three California school districts remove CRT from their district's curriculum! Paso Robles Joint Unified School District, Placentia-Yorba Linda Unified School District, and Ramona Unified School District have removed offensive curriculum!

On August 12, 2021, Ramona Unified School District Board Members unanimously approved a ban on the teaching of Critical Race Theory. The ban specifically bans the teaching of 10 concepts about race, including: teaching that a person is inherently racist, sexist, or oppressive because of their race or sex, whether intentionally or unintentionally; a person's worth is determined by their race or sex; a person bears responsibility for past actions of people of the same race or sex; a person should feel guilty or not because of their race or sex; and that the advent of slavery constituted the beginning of the United States.

Yes! Common sense school board members can make a difference. Removing CRT from your child's school can and is being done! We'll keep you posted!

Voter Guide

The IPSV Voter Guide is scheduled to be distributed on October 4, 2022. If we have the address at which you are registered to vote and an email address to which we can send a Voter Guide, IPSV will prepare a Voter Guide custom designed for your ballot.

The Voter Guide will help voters identify Common Sense candidates and office holders and will provide information on the various local and state ballot measures.

Please forward this email to your friends and family. It is not too late to visit the IPSV website [to sign up](#) to receive your personalized Voter Guide!

Home Meetings Continue!

The Home Meeting calendar is filling. Home Meetings are designed to bring parents and grandparents up to date on just what our children are taught in their local school.

The most common comment we hear is, “This stuff isn’t being taught in my child or grandchild’s school!” Well, yes...it is.

The most common comment we hear **AFTER** an individual views the video is, “I’m shocked! They can’t be teaching that to children! I didn’t even know about some of the pornography my kids are getting in school!”

Please, [schedule a Home Meeting](#) or tag team with another concerned parent! You’ll be amazed at what you’ll learn!

Home Meetings are simple and straightforward. Five or more families gather in a friend or neighbor’s home, a YouTube video supplied by IPSV is displayed on the television screen in the home, refreshments may be served at the host or hostess’ discretion, and a quick signup sheet will be employed.

Host/hostesses need not be familiar with the topics. No discussion is planned for the meeting unless the host/hostess desires.

Emails from IPSV give information to the host/hostess on suggested invitations, how to stream the video, meeting agenda, and other general information.

[Reserve a date](#) to host a Home Meeting.

Don’t Keep IPSV a secret!

Please... forward this newsletter to friends, family, and persons you think might wish to know what is happening in our schools! (If a friend forwarded this newsletter to you, please take a minute to [register](#) to receive your personal IPSV Newsletter and Voter Guide.)
